

## Questions Related to RFP #2026-001

1. Will there be a pre-bid meeting? **No**
2. Page 3 said to see the map of town limits for the right of ways. We didn't see a map attached to the RFP, where can we find it? **It has been added to the Procurement page of the website. Here is the link as well: <https://townofblacksburgsc.com/wp-content/uploads/2026/01/Map-of-ROW-Landscape-Maintenance.pdf>** Please note that the red lines are the streets & ROWs that need to be maintained.
3. Also, is there a map available for all of the properties? **No**, if you are not familiar with the Town of Blacksburg, I would recommend a site visit. The address/location of each is listed in the RFQ.
4. Does the electronic PDF copy need to be emailed to this address or submitted on a flashdrive? **Email to me is fine**
5. Can the physical copy be hand delivered to the mailing address during business hours? **Yes, 105 S. Shelby St. Blacksburg, SC 29702 Hours: Mon-Thurs 7:30 – 5:30**
6. I am working on my proposal for the lawn maintenance RFP for Blacksburg. I wanted to ask for some clarification about the Right of Way mowing throughout the town limits. I saw the map on the town's website but I want to make sure I am looking at it correctly. Are the red lines on the map the right of way? **The red lines represent the streets that would have ROW to maintain. We will need some of the other ROW not marked with red line cut from time to time if they get high or around some stop signs, but those are usually just as complaints are made. The streets with red lines should be on at least a monthly basis.**
7. If so, how many feet on each side is estimated that we would need to mow? **This would vary. It may be more beneficial to look at in person. The ROW is usually the width of 2 mower decks, so 2 passes. If there is a sidewalk (most have a sidewalk) it would be anything between the street and the sidewalk.**
8. Or do you have an average acreage amount for these areas already? **I do not have an acreage amount. Again, it may be best to see them in person.**
9. Also, what is the current contract amount? **\$72,000 per year**
10. Do we need to purchase a business license from the town before we turn it in or can we purchase it if we are selected? **A business license would only need to be purchased if awarded the contract, unless you have other accounts located in the Town of Blacksburg**
